

SOLTAIRE 120

HENDERSON

120kg Wood Metal Interior Exterior

Top hung straight sliding door system for doors weighing up to 120kg

Overview

Soltaire is a beautifully crafted top hung sliding system designed to accommodate interior and exterior doors weighting up to 120kg. Manufactured from marine grade 316 stainless steel, the system is ideal for coastal environments due to its weather and corrosion resistant properties.

The system has been designed to cater for single or bi-parting doors on a single track. For flexibility of installation, the track can be face fixed or soffit fixed.

Features and Benefits

- Ideal for both internal and external applications
- Made from 316 stainless steel, making the system ideal for areas requiring a high level of corrosion resistance
- Can be used with one single panel or two bi-parting doors on a single track
- Track can be soffit or face fixed for flexibility of installation

Product and Door Specification

Product	Max. Door Width	Door Thickness Range	Max. Door Weight
Soltaire 120	3000mm	19 - 48mm	120kg

Component Specification

Component	Description	Short Code
Track	Anodised aluminium track in 2000, 2500, 3000, 3500, 4000, 5000 and 6000mm lengths	120/****
